MINDSPRINT

Position	: Consultant (Technical/Functional)
Grade	: Band F2
Location	: Chennai/Bangalore - As per business requirements
CTC	: INR 7 LPA + Insurance benefits (medical & term life insurance) + relocation assistance

Job Summary:

This role would require designing, configuring, and developing new business processes, enhancing existing solution in **SAP Finance & Controlling** within the purview of global template, and supporting existing SAP Fiori/UI5 based custom-built solutions integrated with SAP. The candidate should have a good understanding of Finance and Costing. Should have the ability to multitask and manage multiple deliverables at the same time. Should be a good team player who can effectively interact with business and IT teams.

Job Description:

- Implement change requests and small-to-medium projects as per best practices, within agreed timelines/SLAs
- Participate in workshops, gather requirements, and assist in finalizing scope; configure, design and deploy solutions under guidance from senior consultants
- Work as an active member of cross-functional teams to deliver projects (with opportunities to lead smaller work streams)
- Prepare test scenarios and perform testing diligently, covering both positive and negative scenarios
- Support business users in performing UAT and help obtain sign-off
- Support production releases via Solution Manager (ChaRM)
- Prepare and maintain project documentation; provide regular production support
- Assist in end-user training, including creation and maintenance of training material
- Support data migration and cutover activities; working knowledge of LSMW and other tools
- Coordinate with internal project governance teams to maintain delivery quality standards
- Contribute to stakeholder communication and take part in regular status reviews with business teams

Profile Description:

- CA/CMA qualified with understanding of finance & controlling.
- Team player who enjoys working in a collaborative, team-oriented environment
- Strong analytical skills, attention to detail and the ability to work under tight schedules

- Willingness to work in different time zones
- Flexibility for domestic and/or international travel (short, informed trips) based on business need
