About HCLTech

HCLTech is a global technology company, home to 211,000+ people across 52 countries, delivering industry-leading capabilities centred around digital, engineering and cloud powered by a broad portfolio of technology services and products. We’re powered by our people – a global, diverse, multi-generational talent - representing 167 nationalities whose unique spark, perspective and boundless passion drive our culture of proactive value creation and problem-solving. We work with clients across all major verticals, providing industry solutions for Financial Services, Manufacturing, Life Sciences and Healthcare, Technology and Services, Telecom and Media, Retail and CPG, and Public Services. Our purpose is to bring together the best of technology and our people to supercharge progress. We’re supercharging progress for everyone, everywhere – our clients, partners and their stakeholders, our people, communities, and the planet.

The company’s DNA of grassroots innovation, its ingrained culture of co-innovation, and its tradition of going far beyond what is expected, to create customer value, clearly differentiates it and gives it a distinct advantage in creating value for businesses in the digital and connected world.

Corporate Social Responsibility: HCLTech builds sustainability principles and actions into the strategy, culture and day-to-day operations of our company. We aim to improve the lives of people around the planet, engaging our employees, clients, stakeholders, and the communities we live in, to a higher purpose. We focus on areas where we can make the most difference: health, education, technology, jobs, and people who are denied the benefits and access afforded by science, technology and innovation. Guided by the United Nations Sustainable Development Goals, we view sustainability in three ways – economic, social and environmental, known informally as Profit, People and the Planet. As a company we are deeply focused on accelerating our ESG agenda. We are also creating technology-enabled sustainable solutions with and for our clients and partners. We embed ESG imperatives into every aspect of our business and ensure that the progress we supercharge is responsible, inclusive and beneficial to all our stakeholders in the long-term. We have committed to achieving net-zero by 2040.
