

ASA Industries is a manufacturing organization engaged in the production of **stator & rotor laminations, electrical stampings, die-cast components and precision sheet-metal components**, with a strong focus on quality, operational efficiency and cost optimization.

We are currently looking to hire a **Cost Accountant** for our organization and seek ICMAl's support in reaching suitable candidates.

Candidate Profile:

- CMA Qualified
- Completed Articleship / practical training
- Strong knowledge of **Product Costing**
- Working knowledge of **ABC Costing & ABC Budgeting**
- Cost analysis, budgeting, variance analysis and cost control
- Candidates with manufacturing exposure will be preferred

The selected candidate will have an opportunity to work closely with our **Finance, Costing and Manufacturing functions**, gaining hands-on exposure to cost management and business operations.

ASA Industries offering a **package of up to ₹15 LPA** for deserving Rank Holders and suitable candidates, based on their qualifications, skills and overall suitability.
