Job Description

A. General Functions of the Institute:

Generally, an Officer is responsible for supporting the institute's various Directorates, Committees, Boards, and Administrative functions to execute mandates related to the Committee / Board or Directorates such as Studies, Membership, CAT, Professional Development, Public Relations, Finance, Career Counselling & Placement etc.

B. General Office Operations & Facility Management / Infrastructure / General Administration:

- Overseeing the physical and digital maintenance of department files, records, and archives.
- Managing daily office operations, including diary/dispatch of letters, courier services, and locking/unlocking protocols for secure premises.
- Liaising with vendors for Annual Maintenance Contracts (AMCs), office supplies, and equipment repairs.
- Checking and maintaining the availability of stationery, office supplies, and other required inventories.
- Providing direct administrative assistance to the Head of the Department (HoD) or senior staff or committee members.
- Formatting internal and external communications, including emails, presentations, circulars, and administrative reports.
- Organizing logistical arrangements for committee meetings, seminars, and continuous professional development (CPD) programs.

C. Finance & Accounts:

- Assisting the accounts department in processing vouchers, maintaining petty cash, and checking inter-unit ledgers between the chapters / regional offices and the head office.
- Assisting in processing invoices, proposals, and vendor payments of Head office, Chapters, Regional Offices, or COEs.
- Proper maintenance of Finance records in ERP or Any other system used by the Institute.

D. RC & Chapter Coordination:

- Following up with Regional Offices, Chapters, and internal ICAI departments regarding administrative data, grants, or compliance requirements.

E. PR & Branding:

- Drafting and distributing press releases, backgrounders, and media kits regarding ICAI's new initiatives, policy representations, and exam results.
- Building and maintaining strong relationships with journalists, editors, and media houses (print, electronic, and digital) to ensure positive coverage of ICAI events and announcements.
- Preparing keynote speeches, talking points, and official messages for the President, Vice-President, and other senior Council Members.
- Managing the PR and publicity aspects of major ICAI events, such as the National Cost and Management Accountants Conventions, National Students Convocations and any seminars or programmes.
- Organizing press conferences, media briefings & exclusive interviews for ICAI leadership.
- Planning and executing national campaigns (e.g., Financial Literacy drives, MSME initiatives) and coordinating with advertising and PR agencies.
- Managing ICAI's official social media handles (X/Twitter, LinkedIn, Facebook, YouTube) to ensure brand consistency and high engagement.
- Overseeing the development of promotional materials, including brochures, corporate videos, newsletters and website content.
- Monitoring media coverage and social media trends to preemptively address negative publicity or misinformation regarding the institute or the CMA profession.

F. Studies Department / CAT:

- Curriculum Development & Technical Research: Drafting, reviewing, and updating Syllabus, Study Materials, Preparation of Model Questions Papers and other relevant Study Materials for CMA students.
- Training & Education Coordination: Organizing training courses, including Industry Oriented Training, Skill Enhancements training.....etc to equip the CMA Students with the industry requirements.
- Conference & Workshop Organization: Conducting All India/Regional/Chapter level conferences, one-day seminars, mock tests, and workshops for CMA students.
- Mentorship & Counselling: Organizing student counseling programs, industrial visits, and mentoring sessions to improve the professional skills of CMA students.
- Committee Support: Assisting the Board of Studies in formulating policies related to CMA education and implementing new learning initiatives.
- Exam & Technical Support: Working on the automation of the training process, learning and evaluation.
