

**Job Description:**

We are seeking **ICWA qualified candidates** with strong financial knowledge and interest in technology to join as an Enterprise Performance Management (EPM) Consultant. The role focuses on implementing and supporting EPM systems used for budgeting, forecasting, consolidation, and financial reporting.

This position bridges Finance and IT, enabling digital transformation of financial processes.

**Key Responsibilities:**

- Financial Process Understanding
  - Analyze budgeting, forecasting, and consolidation requirements.
  - Understand financial statements (P&L, Balance Sheet, Cash Flow)
  - Ensure compliance with accounting standards and reporting norms.
- EPM System Implementation & Support
  - Assist in implementation/configuration of EPM tools such as Board, SAP SAC, SAP GR
  - Support preparation of Business Requirements Document (BRD), Functional Specification Document (FSD), and solution design documents
  - Participate in User Acceptance Testing (UAT), testing, and go-live support.
- Data & Reporting
  - Assist in financial data validation and reconciliation
  - Support ERP to EPM data integration processes
  - Develop and maintain management reports and dashboards
  - Ensure data accuracy and consistency across systems
- Stakeholder coordination
  - Work closely with Finance, Audit, and IT teams
  - Translate accounting requirements into system configurations
  - Provide end-user training and system support

**Name of Position:**

Associate Consultant

**Ideal candidate:**

- ICWA cleared
- Strong analytical and logical thinking
- Technology orientation
- Problem-solving ability
- Strong understanding of:
  - Accounting Standards (Ind AS / IFRS preferred)
  - Financial Consolidation concepts
  - Variance analysis and financial controls

**CTC:**

INR 5,50,000/- per annum

**Place of posting:**

Zirakpur, Chandigarh
