

**Job Description:**

1. Prepare and analyze cost sheets, budgets, and MIS reports.
2. Oversee daily accounting, journal entries, and ledger reconciliations.
3. Conduct cost audits, internal audits, and project-based financial reviews.
4. Ensure timely and accurate compliance with GST, TDS, and income tax filings.
5. Perform variance analysis for budgeting and costing purposes.
6. Monitor inventory valuation, overhead allocations, and process cost tracking.
7. Ensure compliance with cost accounting standards and regulatory frameworks.
8. Collaborate with clients, auditors, and internal teams for financial reviews.
9. Contribute to drafting internal SOPs and improving cost control processes.
10. Support preparation of CMA data, investor reports, and financial due diligence.
